React Native Component Library

- Updated Component Library with several changes by utilizing React Native Paper V5 with Material Design V3. - Typography and IconWrapper have been removed. - 5 new components have been added, namely Chip, Grade, Icon, IconSwitch and Overline. - All previously introduced themed components have been removed.

React Native Themes

- Updated themes to use Material Design 3 styled palettes and React Native Paper v5 theme structure.

- Added required custom color variants along with React Native Paper v5 default color variants.

Colors

- Updated UI colors to match Material Design 3's color palette structure.

- Moved branding colors under @brightlayer-ui/colors.

- Removed dependency on @brightlayer-ui/types.
